OSRAM

TYREinflate 4000

TYREinflate 4000 OTIR4000

Inflation Time Inflate the tyre to the desired pressure in approximately 3,5 minutes ¹⁾²⁾

Deflator Valve For deflating too much air

Digital Auto Stop Automatic stop function when the preset pressure is reached

Cordless and rechargeable Can be used with or without direct power supply

Rechargable Digital Tyre Inflator

The OSRAM TYREinflate 4000 is a cordless and rechargeable tyre inflator with Li-Ion battery, making it an ideal companion for camping and road trips. The OTIR 4000 digital tyre inflator can inflate a tyre in just 3,5 minutes¹⁾²⁾. The auto stop function and the deflator valve help to keep the tyres optimally inflated. The backlit LED display and integrated LED light provide improved readability of the pressure settings and improved illumination of the working area even in reduced visibility conditions or at night. Memory setting means you can store pressures for up to 4 vehicles.

OSRAM offers a 2-year guarantee¹⁾ on this product.

1) For precise conditions please refer to: www.osram.com/am-guarantee

2) Based on inflating a 13" tyre from flat to 2.4 BAR

3) Measurements of the tyre pressure and inflation of the tyres to the optimum tyre pressure must always be conducted on cold tyres
